25 Ways to Get Your Team Involved in Giving

If your business model includes taking some time to give back to the community and you're looking for ways to get your team involved, you've come to the right place. Serving your mission well by involving your team in community-oriented projects can significantly impact your business by increasing team morale, building new relationships and even helping expand those you've already created. Check out this list of 25 ways you can get your team involved in supporting your mission of giving back:

- Volunteering at Local Shelters: Organize group volunteering sessions at homeless or animal shelters.
- Hosting Charity Fundraisers: Plan events to raise money for a favorite cause.
- Participating in Food Drives: Collect and donate non-perishable food items for local food pantry.
- Environmental Clean-Up Days: Arrange days for cleaning up local park, community spaces or road.
- Mentoring Programs: Partner with schools or youth organizations to provide mentoring.
- Skill-Based Volunteering: Utilize your team's professional skills to benefit non-profits or community projects.
- Blood Donation Drives: Host or participate in blood donation events.
- Corporate Donation Matching: Match the charitable donations made by employees.
- Educational Workshops: Offer free workshops or training sessions to underserved communities.
- Supporting Local Businesses: Encourage employees to buy from local small businesses.
- Building Homes: Collaborate with organizations like Habitat for Humanity to build homes for those in need. Plan a company work day you can all get involved in.
- Sponsoring a Child or Family: Financially support a child's education or a family's needs.
- Holiday Gift Drives: Collect gifts during holidays for children in need or elderly in the community.
- Participating in Charity Runs/Walks: Join or sponsor charity runs or walks.
- Hosting a Charity Auction: Auction items or services and donate the proceeds.
- Planting Trees: Organize tree planting activities to promote environmental sustainability.
